

SCHOOL SUPPORT PROGRAMME

We know times have been hard, even more so for young people and your pupils.

are working with NCS (National Citizen Service), DCMS and the DfE to support schools and pupils in with their transitioning back to school in the new academic year.

What is it?

The School Support Programme will run from September to December with no cost to your school. The programme will focus on 7 core areas which can be tailored and be flexible to meet the needs of your school.

School Support Core Focus Areas:

- Post-COVID Socialisation
- Citizenship/British Values
- Health and Wellbeing
- Preparation for School Return
- Careers and Progression Guidance
- Employability
- Skills for Independent Living

The programme ranges from 2 to 10 days and can be full or part time. It's your choice whether these sessions will be delivered consecutively or on separate days, allowing your school total flexibility.

What are the benefits?

- No cost to the School
- School and college providers will be supported in bringing their communities back together
- The programme will deliver non-academic elements of the 'Ofsted Framework for Personal Development' that will support pupils to further their personal and social development
- NCS supports the college/school curriculum and aligns with the Ofsted framework (and other relevant guidance)
- Young people's wellbeing will be supported and they will be helped to process their experience of COVID-19 as well as learning to understand the experience of others
- Young people will be encouraged to get involved in local social action delivery

How to get involved?

If you are interested in our School Support Programme then please get in touch with us by emailing

One of the team will then be in touch to confirm the programme and look to develop the activities that fit your school's objectives.
